Dear Pat and Gale Lee DeRiggi:

Attached is a copy of the analytical data and a summary report generated from the sampling activities conducted during the period of September 10, 2008 through September 16, 2008 at the Raritan Bay Slag Site, located in Old Bridge Township and Sayreville, New Jersey. Although your property makes up only a portion of the overall site, the analytical data provided to you with this letter includes the data from samples collected across the entire site.

EPA will be contacting you in the near future to discuss this situation. Should you have any technical questions, I can be reached at 732.906.6930. Legal questions or questions from an attorney should be addressed to EPA Assistant Regional Counsel, Deborah Schwenk at 212.637.3149.

Sincerely,

A handwritten signature in cursive script, appearing to read "Nick Magriples".

Nick Magriples, On-Scene Coordinator
U.S. Environmental Protection Agency
Removal Action Branch
